

YOUR GIFT MAKES A DIFFERENCE

ECI ethics & compliance initiative™

2020 GRATITUDE REPORT

A portion of ECI's work is funded through contributions from organizations and individuals like you.

ECI empowers organizations to build and sustain High-Quality Ethics & Compliance Programs. Thanks to our donors, here's how we made a difference this year.

Groundbreaking Original Research

This year we published original research on the link between ethical leadership behaviors and supervisory leadership and critical ethics outcomes. The impact of COVID-19 on the workplace was explored.

New Insights to Improve Practice

In 2020 we fielded the 16th update to the longest-running global study of workplace ethics. Findings represent hundreds of millions of employees in 10 countries.

Global E&C Certifications

Practitioners across the globe earned professional certification and learned the critical, high-level skills for leading advanced E&C programs and furthering their careers.

Introduced the Next Generation to E&C

Students and faculty from leading universities were granted access to ECI's events and database, allowing them to learn about the profession and network with our community.

Ongoing Dialogue with Enforcement Community

ECI continued to provide opportunities for E&C practitioners and public officials to learn from one another.

Upcoming Research & Activities in 2021
